

December 28, 2021

Honorable Kathy Hochul
Governor
Executive Chamber
Albany, NY 11224

Dear New York Governor Hochul,

Since the COVID-19 pandemic began, the burden on students has been immense. Students have experienced job loss, financial hardship, and the growing toll on our mental and physical health. However, even before the pandemic, years of stagnant state funding and ever-increasing tuition and other costs of attending school threatened college accessibility. As society works to recover from the pandemic, it is vital that we not return to the status quo in higher education.

Rather, NY must reverse the trend of state divestment and usher in a new era that recognizes that investing in higher education boosts racial and economic equity and strengthens our economy. CUNY graduates stay to work in New York at higher rates and studies have shown that for every \$1 invested in SUNY, the economy reaps \$8 in benefits. College should be affordable for all, to provide access to one of the greatest economic equalizers for any individual who seeks it. That's why the undersigned students, faculty, staff, and members of the NY college community, call upon you to propose an Executive Budget which:

- Includes the New Deal for CUNY legislation (S.4461/A.5843) and provides analogous funding to SUNY to support smaller class sizes, more mental health resources, and lower student-to-adviser ratios;
- Overhauls the Tuition Assistance Program to cover eligible graduate students, part-time students, and students who are incarcerated;
- Continues to expand funding to New York's proven Opportunity Programs;
- Expands funding for student support programs on campus such as campus childcare, open educational resources, and programs which address food insecurity such as the Hunger Free Campus Act (S.1151B); and
- Includes full funding for Bundy Aid for independent college students.

Signed,

Name	School
